

Terence O'Connor

Vice-President

Terence O'Connor is Vice President and Senior Architect at Glavovic Studio since 1999 and has over thirty years of architectural experience in distinguished firms. Bringing a breadth of knowledge from the studios of SOM, Philip Johnson and others, O'Connor directs and oversees construction and execution of Glavovic Studio projects and processes providing key Project Team Supervision at all phases of the process. Terence began his career as a project designer with Skidmore, Owings and Merrill in the design and production of Hines proto-type office park developments, in Houston, Texas in 1977. Later relocating to New York, O'Connor worked for Johnson/Burgee Architects during which time he was involved in the design and production of documents for the award winning projects of AT&T Headquarters in NYC 1979, the PPG Headquarters in Pittsburgh 1980-84, the Metro-Dade Cultural Center 1982, the Transco Tower 1983 and the Wells Fargo Center, Denver 1983. Since joining Glavovic Studio in 1999, O'Connor has collaborated with Margi Nothard, Founding Principal of Glavovic Studio on award winning projects such as the Museum of Art Bridge_Stair in 2005, the Girls' Club Collection in 2007 and the Kennedy Homes Affordable Housing project, changing the landscape of public projects in Broward County and bringing the national discourse of architecture to Broward County. O'Connor has melded innovative design and depth of experience garnered from nationally recognized firms in the world of Architecture. Locally, O'Connor spent several years working at the best local firm of Singer Architects developing an understanding of climate responsive design and contemporary urban practice. O'Connor taught Design Studio and Theory at Florida Atlantic University for seven years where he was nominated for Most Distinguished Teacher of the Year Award, representing the College of Architecture Urban and Public Affairs, Florida Atlantic University in 2002. Terence received his Bachelor of Design in Architecture from the University of Florida and Master in Architecture from Rice University and is a registered architect in Florida. As a member of the American Institute of Architects he served for many years on the Fort Lauderdale Chapter Design Awards Committee as well as Executive Committee Chapter President and State Director. Over his professional career he has won a number of design awards from the American Institute of Architects alone or in association with other architects and Glavovic Studio.

Representative Projects

Sailboat Bend Apartments, Senior Affordable Housing

2012- 2018 | Fort Lauderdale, Broward County, Florida, Permit granted for construction

Renovation of 105-unit mid-rise Elderly residential building on the New River downtown. Program includes efficiency units, one and two bedroom units, a community room, outdoor plaza connecting the New River. Skin explorations highlight the organization of the building around the specifics of the program to site and units, creating a conversation between the context, the overall existing building structure and the individual unit. New curtain wall and storefront perimeter enclosure creates a unique layering of views, solar protection, transparency and solid components organized and sized within a modular vertical landscape.

Kennedy Homes Affordable Housing Project

2007 - 2013 | Fort Lauderdale, Broward County, Florida, LEED Gold for Homes

132 units on 8.5 acre site in downtown community, the goals are to develop a greenzone and gateway to City of Fort Lauderdale and integrate in an existing Historic District. To create a sustainable and community oriented project, affordable and transit oriented that meets the needs of the existing residents on the site and the long term goals of the Housing Authority. To integrate art, landscape and quality of life, affordably and exceptionally.
