

RAFAEL GUISSARRI | VICE PRESIDENT

Rafael Guissarri, AIA, LEED AP, NCARB, is Vice President at GLAVOVIC STUDIO, and is a registered architect in Florida and California. He has over twenty years of architectural experience including working over 10 years for Arquitectonica. As Vice President, he oversees coordination of technical and code compliance as well as ensuring that design concepts are integrated into the final construction and execution of projects and processes. He began his career in Buenos Aires, Argentina, later relocating to Miami in 1999 and has worked in several types of architecture, from multi-family residential and institutional, to educational and transportation. Since joining GLAVOVIC STUDIO, he has collaborated directly with Margi G. Nothard, Founder and Director of Design. He has vast experience as point of contact for clients and contractors for different project delivery methods, leading large teams of A/E professionals through design, production, and construction administration. Significant multi-family housing project experience prior to joining GLAVOVIC STUDIO include C-Tower in Buenos Aires, Mary Brickell Village in Miami, US Coast Guard Residences in Grassy Key, Oasis Residences in Fort Myers, Oceana Residences in Bal Harbor and Ritz Carton Residences in Sunny Isles.
